

Export Certification.

Here is a printable version of the summary of Lesson 3, Roles, in PDF format.

Click the printer icon to print the summary for your future reference.

Lesson 3 described these roles:

The Exporter/Applicant:

- 1. Completes a 9060-6, signs it, and submits it to an IPP.**
- 2. Completes a blank 9060-5 (export certificate) provided by the IPP, and attaches any required or requested documentation.**
- 3. Receives an Export Stamp from the IPP and affixes it to the products.**
- 4. Upon IPP re-inspection and approval, receives a signed Meat and Poultry Export Certificate of Wholesomeness (9060-5).**

The IPP:

- 1. Gives the applicant a blank 9060-6, then verifies the applicant's eligibility and signs the completed 9060-6.**
- 2. Provides a blank 9060-5 for the applicant to fill out, then verifies its completeness when the applicant submits it.**
- 3. Uses the Export Library to verify that the applicant's documentation complies with country-specific requirements.**
- 4. Issues the export stamp to the exporter, re-inspects the stamped product, and re-secures the stamp for its next use.**
- 5. Signs and issues a Meat and Poultry Export Certificate of Wholesomeness (9060-5), records the export certificate number, and maintains copies of all documentation.**
